

SHAPING A BETTER WORLD SINCE 1845

# **WELCOME**

We are delighted to welcome you to Queen's University Belfast for the W100 Study Tour 2019. Since 1845 Queen's has built a reputation as a research-focused institution with local and international impact. Ranked 173 in the QS World University Rankings 2020 and a member of the Russell Group, Queen's is Northern Ireland's premier university.

Queen's was judged the leading global online brand in last year's World 100 Brand Snapshot research project. The team responsible for the brand review that drove this achievement will give us an insight into what informed their decisions and tell us more about how they developed Global Research Institutes and Pioneer Research Programmes to enhance their reputation.

We will also visit a number of leading academic centres at Queen's covering a range of topics from cell biology to global peace, and the latest in communication technology.

Then finally, a chance to explore historic Belfast, lauded by Lonely Planet for its energy and lively atmosphere. We will visit the Titanic Visitor Attraction and consider the analogy of the vast amounts of unseen work that go into improving a university's reputation beneath the visible tip of the iceberg!

### **Isabel Jennings**

Director of Marketing, Recruitment, Communications and Internationalisation, Queen's University Belfast

# **PROGRAMME**
